Happy New Year!

Happy holidays and best wishes for a Happy New Year from all of us at Gabriel Environmental Services.

We appreciate your friendship and business throughout the last year, and we look forward to working with you again in 2017.

MWRD's RD-925 User Charge Statement Due February 21st, 2017

MWRD's Annual User Charge Statement (RD-925) is due in approx. 6 weeks on February 21, 2017. Fines and penalties are assessed for late filings.

If Gabriel is completing your RD-925, your firm should have received an emailed request with a list of information required. If you have not yet received this email but need Gabriel to complete your RD-925, contact our Industrial Consulting department at WaterDept@gabenv.com or 773-486-2123.

This year's submission includes updated forms and worksheets. Additionally, MWRD will be emailing all facility contacts with sampling data if MWRD sampled your facility during 2016. Gabriel will need this MWRD data in order to properly complete your RD-925.

Gabriel completes the RD-925 forms in the order that all requested information has been received.

If you have any questions about the RD-925 statement, contact Antonio Tabacchi or Tim Mazurek at 773-486-2123 or WaterDept@gabenv.com.

1. Roast 3 onions, poblano peppers, and garlic in 400* oven until they lose their shape and glaze.
2. In a large saucepan, saute remaining 3 onions (diced) in butter.
3. Add chorizo, bacon, and ground chuck to onions. Once cooked, add small roast and seasonings.
4. Once roast is browned, place mix in crock pot overnight - keep roast and veggies whole.
5. In the morning, add beans, including liquid. Beef should be easily shredded by this point. Continue to cook another 20-30 minutes, or until ready to serve.

For MWRD/Cook County Facilities only: Significant Industrial Users, Large

Liquid Special Waste Forms and Fees Due

Chicago's annual Liquid Waste Fees are due January 30th, 2017 for the 2016 calendar year. All facilities that are located in the City of Chicago that transport liquid special waste must submit the required report ([MLW 2015](#)) along with all manifests and other backup documentation. After the report is received, the City will send an invoice to the facility for the required fees.

Cook County has also instituted a new [form](#) for liquid hazardous waste which is due March 1, 2017 for the reporting period of July 1, 2016 - December 31, 2016. This form is only required for suburban Cook County facilities. All facilities that transport liquid hazardous waste off-site need to submit the form and manifests, but fees are only assessed above 420 gallons disposed in this time period.

If you have questions about these regulations or need assistance completing the forms, contact Gabriel's Consulting Department at 773-486-2123 or WaterDept@gabenv.com.
